### **Product Description**

Pitch: 10.00mm, M3.5, 300V, 20A

#### General information

| Short description                      | Barrier terminal blocks, Screw connection |
|--|---|
| Category                               | Single Row                                |
| Pitch (mm)                             | 10.00                                     |
| Color                                  | Black (default)                           |
| Connection method                      | Screw connection                          |
| Type of locking                        | Without                                   |
| Soldering method                       | Wave Soldering                            |
| Length (mm)                            | 10*(P-1)+13.0                             |
| Width (mm)                             | 15.00                                     |
| Height (mm)                            | 19.30                                     |
| Pin demensions (Thickness x Width)(mm) | 0.8x1.5                                   |
| PCB hole diameter (mm)                 | 2.1                                       |
| Number of positions                    | 02P~30P                                   |
| Level                                  | Single Row                                |

#### Material information

| Insulation material                          | PBT                |
|--|--------------------|
| Insulation material group                    | IIIa               |
| Flame retardant rating , compliant with UL94 | V0                 |
| Insulation resistance                        | □1000MΩ at DC 500V |
| Conductor material                           | COPPER ALLOY       |
| Plating of conductor surface                 | Tin PLATED         |
