

# BS-200

Accessories for Enclosure

## Specification

|                         |              |
|-------------------------|--------------|
| pin length(mm)          | -            |
| No of channel           | 8            |
| pitch (mm)              | 2.54A        |
| Rated voltage           | 150V         |
| Rated current           | Max.8A       |
| Rated withstand voltage | 1600V        |
| Applied temperature     | -40°C~+105°C |
