

# 2ESHM-XXP

PCB Terminal Blocks > PCB Connector-Socket

Date:2025-12-18Version:1.1

The web catalog is for reference only. Dinkle remains the right of product modification and engineering change of the design.

The final product is made according to engineering drawing.

#### **Product Description**

Pitch: 5.08 mm, 300V, 12A

#### General information

| Short description   | PCB Connector – Socket, Screw Connection |
|---------------------|------------------------------------------|
| Category            | PCB Connector – Socket                   |
| Pitch (mm)          | 5.08                                     |
| Color               | Green (default)                          |
| Connection method   | Screw Connection                         |
| Type of locking     | With screw flange                        |
| Length (mm)         | 5.08*(P-1)+6.58                          |
| Width (mm)          | 19.2                                     |
| Height (mm)         | 15                                       |
| Number of positions | 02P~12P                                  |
| Level               | Single level                             |

#### Material information

| Insulation material                          | PA |
|----------------------------------------------|----|
| Insulation material group                    | I  |
| Flame retardant rating , compliant with UL94 | V0 |

| Insulation resistance                                                                      | □500MΩ at DC 500V |
|--------------------------------------------------------------------------------------------|-------------------|
| Conductor material                                                                         | COPPER ALLOY      |
| Plating of conductor surface                                                               | Tin PLATED        |
| Connection data-IEC                                                                        |                   |
| Rated voltage (V)                                                                          | 250               |
| Rated current (A)                                                                          | 12                |
| Rated voltage (II/2)(V)                                                                    | 600               |
| Rated voltage (III/2) (V)                                                                  | 320               |
| Rated voltage (III/3)(V)                                                                   | 250               |
| Rated impulse voltage (II/2)(KV)                                                           | 2.5               |
| Rated impulse voltage (III/2)(KV)                                                          | 2.5               |
| Rated impulse voltage (III/3)(KV)                                                          | 2.5               |
| Conductor cross section solid. min (mm²)                                                   | 0.5               |
| Conductor cross section solid.max (mm²)                                                    | 2.5               |
| Conductor cross section stranded. min (mm²)                                                | 0.5               |
| Conductor cross section stranded. max (mm²)                                                | 2.5               |
| Conductor cross section flexible, with min ferrule without plastic sleeve (mm²)            | 0.25              |
| Conductor cross section flexible, with max ferrule without plastic sleeve (mm²)            | 2.5               |
| Conductor cross section flexible, with min ferrule with plastic sleeve (mm²)               | 0.25              |
| Conductor cross section flexible, with max ferrule with plastic sleeve (mm²)               | 1.5               |
| 2 conductors with same cross section, solid, max (mm²)                                     | 1.5               |
| 2 conductors with same cross section flexible, min twin ferrules with plastic sleeve (mm²) | 0.5               |
| 2 conductors with same cross section flexible, max twin ferrules with plastic sleeve (mm²) | 1                 |
| Screw thread                                                                               | M2.5              |
| Slotted screwdriver size (Blade thickness x Width)(mm)                                     | 0.6x3.5           |
| Philips screwdriver size                                                                   | PH1               |
| Rated torque (N.m)                                                                         | 0.5               |
| Stripping Length (mm)                                                                      | 7~8               |
| Connection data-UL                                                                         |                   |
| Rated voltage (UL/CUL Group B)(V)                                                          | 300               |

| Rated current (UL/CUL Group B)(A)                | 12 |
|--------------------------------------------------|----|
| Min. solid wire connection (AWG) acc. to UL/CUL  | 24 |
| Max. solid wire connection AWG acc. to UL/CUL    | 12 |
| Min. stranded wire connection AWG acc. to UL/CUL | 24 |
| Max. stranded wire connection AWG acc. to UL/CUL | 12 |

## **Environment & Safety**

| Finger protection (YES or NO)   | YES |
|---------------------------------|-----|
| Operating temperature. max (°C) | 120 |
| Operating temperature. min (°C) | -40 |

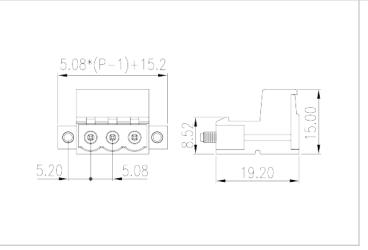

## **UL** Recognized

| Wire Range (Group B)(AWG)  | 24~12 |
|----------------------------|-------|
| Rated voltage (Group B)(V) | 300   |
| Rated current (Group B)(A) | 12    |

## **CUL** Recognized

| Wire Range (Group B)(AWG)  | 24~12 |
|----------------------------|-------|
| Rated voltage (Group B)(V) | 300   |
| Rated current (Group B)(A) | 12    |
