

# TMI-AS80-08DI-001

系統接口板 / *System Interface*

## 規格說明

|               |                                 |
|---------------|---------------------------------|
| 適用控制器         | ABB S800                        |
| 接口板訂貨規格       | TMI-AS80-08DI-001               |
| 產品功能          | DI board                        |
| 額定電壓          | 24VDC                           |
| 額定電流          | 1A                              |
| 輸入電流Max (單通道) | 500mA                           |
| 電源指示燈         | LED/Green                       |
| 輸入端接口 / 使用線徑  | D-sub 25p male                  |
| 輸出端接口 / 使用線徑  | 24-12AWG/0.5-2.5mm <sup>2</sup> |
| 尺寸 mm         | 91X122X51                       |
| 工作溫度          | -20~+85℃                        |
| 熔斷絲           | CXPF50M180                      |
| 熔斷絲           | CXPF010110                      |

## D\_Sub Connector Pin Assignment

| Channel | DB25 MALE |    |    |    | Field Terminal                                            |
|---------|-----------|----|----|----|-----------------------------------------------------------|
| CH1     | 3         |    |    |    | A1                                                        |
| CH3     | 4         |    |    |    | A6                                                        |
| CH5     | 5         |    |    |    | A5                                                        |
| CH7     | 6         |    |    |    | A7                                                        |
| CH9     | 7         |    |    |    | A9                                                        |
| CH11    | 8         |    |    |    | A11                                                       |
| CH13    | 9         |    |    |    | A13                                                       |
| CH15    | 10        |    |    |    | A15                                                       |
| CH2     | 16        |    |    |    | A2                                                        |
| CH4     | 17        |    |    |    | A4                                                        |
| CH6     | 18        |    |    |    | A6                                                        |
| CH8     | 19        |    |    |    | A8                                                        |
| CH10    | 20        |    |    |    | A10                                                       |
| CH12    | 21        |    |    |    | A12                                                       |
| CH14    | 22        |    |    |    | A14                                                       |
| CH16    | 23        |    |    |    | A16                                                       |
| L +     | 1         | 14 | 11 | 24 | B1,B2,B3,B4,B5,B6,B7,B8,B9<br>B10,B11,B12,B13,B14,B15,B16 |
